DAY 76-30/04/2026

Time: 9:00 am to 10:00 am

Today we started by planning the backend development tasks required for the application.

Time: 10:00 am to 11:00 am (TL Meeting)

We attended the TL meeting where we discussed backend architecture, API structure, and database connectivity.

Time: 11:00 am to 12:00 pm

I worked on developing backend APIs to handle data requests from the frontend modules.

Time: 12:00 pm to 1:00 pm

I worked on connecting the backend with the database to store and retrieve application data.

Time: 1:00 pm to 2:00 pm

Lunch Break

Time: 2:00 pm to 3:00 pm

I tested API endpoints to ensure proper communication between frontend and backend.

Time: 3:00 pm to 4:00 pm

I worked on debugging issues related to data handling and API responses.

Time: 4:00 pm to 5:00 pm (Evening Meeting – Conducted by Ranjith Sir)

We attended the evening meeting conducted by Ranjith Sir, where I presented the backend development progress and discussed the issues faced during implementation.
